INTERNSHIP WORK REPORT

Supporting document to the Certificate of Internship · ID CRT-26-REV5SEHG

Intern	**Aniket Saw**
Role	**Backend Development Intern**
Internship period	**June 1, 2026 – August 14, 2026**
Project / team	**Project Aura – Backend Team**
Date of issue	**1 October 2026**
Certificate ID	**CRT-26-REV5SEHG**

SUMMARY OF WORK

Worked in the backend team on Project Aura, an AI assistant that understands emotions and responds like a person would. Helped build the server that connects every part of the system: it receives messages and voice from the screen, passes them to the AI, and sends the reply back quickly.

KEY TASKS AND CONTRIBUTIONS

- Helped build the server's API in Python using FastAPI
- Set up live connections (WebSockets) so the screen and server could talk in real time
- Used Redis to remember the last few messages of each conversation
- Made sure data passed between teams followed the agreed format
- Kept private AI service keys safely on the server, away from the public website
- Helped measure and reduce response time so the assistant replies quickly

SKILLS AND TOOLS

Python, FastAPI, WebSockets, Redis, REST APIs, Git

PERFORMANCE AND REMARKS

Picked up server-side concepts quickly and wrote clear, working code. Worked well with the AI and UI/UX teams and completed assigned tasks on time.

INTERN VERIFICATION

CONFIRMATION

This report accompanies the Certificate of Internship (ID CRT-26-REV5SEHG) issued by Ayritech Business Solutions to Aniket Saw on 1 October 2026. Ayritech Business Solutions confirms that the work described above was carried out during the internship.
